

Jeff's Bio

Jeff Price is the Director of Water Utilities with the City of Mansfield, Texas. Jeff's career with Mansfield Water Utilities began 24 years ago literally in-trenched in operations. Having advanced through the ranks, Jeff has held most positions within Mansfield Water Utilities and believes his passion for community service and servant leadership is born from his commitment to the community from which he grew up. Jeff is an A Water operator in the State of Texas and has earned an Associate of Applied Science in Business Administration and a Bachelor of Science in Business Management, and is a past President of the Texas Municipal Utilities Association.
